Reference for Denis Khoroshko

23 Feb. 2012

To whom it may concern

Denis Khoroshko accompanied me (the trainer) recently in London as a professional translator.

He interpreted technical training material from English to Russian on the subject of Procurement for a delegation from Kazhakstan.

Denis had a very short time to prepare and come to grips with this subject and expediently read through the reference material and hundreds of slides.

He did an excellent job and all of us and the delegates were impressed by his competence and professionalism; he did a great job!

I have no hesitation to recommend Denis' services to other companies and trainers and wish him all the best in his work!

With kind regards

Dr Abe Abrahami, Certified Trainer, Author, Analyst, Finance, Oil & Gas, Renewable Energy & Project Engineer/Manager, HR, Risk, Compliance, Audit & Change Practitioner; Accredited Methods and Training Courses

Author of over 70 papers (3 award winners) and 4 books, including:
